

AAPICO Hitech Public Company Limited
and its subsidiaries
Report and consolidated financial statements
31 December 2013

Independent Auditor's Report

To the Shareholders of AAPICO Hitech Public Company Limited

I have audited the accompanying consolidated financial statements of AAPICO Hitech Public Company Limited and its subsidiaries, which comprise the consolidated statement of financial position as at 31 December 2013, and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, and have also audited the separate financial statements of AAPICO Hitech Public Company Limited for the same period.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Thai Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AAPICO Hitech Public Company Limited and its subsidiaries and of AAPICO Hitech Public Company Limited as at 31 December 2013, and their financial performance and cash flows for the year then ended, in accordance with Thai Financial Reporting Standards.

Emphasis of matter

I draw attention to Note 4 to the financial statements regarding the change in accounting policy due to the adoption of Thai Accounting Standard 12 Income Taxes. The Company has restated the consolidated and separate financial statements for the year ended 31 December 2012, presented herein as comparative information, to reflect the adjustment resulting from such change. The Company has also presented the consolidated and separate statements of financial position as at 1 January 2012 as comparative information, using the newly adopted accounting policy for income taxes. My opinion is not qualified in respect of this matter.
